LOCS — LOWEST OPERATING COST SOLUTION (LOCS)

Camoplast's rubber tracks set the industry standard for the Lowest Operating Cost Solution (LOCS) for compact construction equipment.

1 UNBEATABLE **DURABILITY**

Up to 50% more durable than regular replacement tracks.

2 OUTSTANDING **RELIABILITY**

BEST WARRANTY IN THE INDUSTRY

Simply the best warranty in the industry—up to 30 months.

3 AFFORDABLE **PRICING**

Tracks are shipped directly from our manufacturing plants at reduced cost.

4 OPTIMAL **AVAILABILITY**

QUICKSHIP

Fast delivery through our global distribution network for less downtime.

5 EXCLUSIVE **HIGH-PERFORMANCE TECHNOLOGIES**

Premium quality rubber and steel, patented technologies and state-of-the-art facilities.

6 OEM **OPTIMIZATION**

BetterFit

As the only track maker that designs and manufactures undercarriage systems for OEMs, Camoplast designs tracks to BETTERFIT your machine.

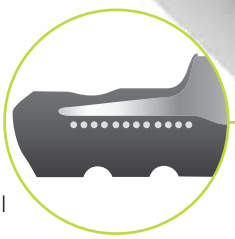
vators

STEEL CABLES

- Made of high-tensile steel wires resistant to cutting and stretching, allowing for even tension throughout the track
  - Unique steel core design improves rubber bonding
  - Special coating improves corrosion resistance
  - Even cable placement

3S IRON CORE

- Exclusive External 3S Iron Core
- Greatly reduces vibrations for a smoother ride and less noise
- Significantly reduce risk of detracking



CURBSHIELD

- Edge cutting protection
- Prevent cable and metal bar from damage
- Protect steel bar and rubber adhesion

BetterFit

CAMOPLAST'S **EXCLUSIVE TECHNOLOGY**

Camoplast designs and manufactures undercarriage systems and tracks ***for most of the world's major OEMs*** (Original Equipment Manufacturers).

Its unique know-how ensures that all Camoplast tracks ***enhance your specific vehicles' performance and component longevity***.

YOUR GUARANTEE OF ***RELIABLE PERFORMANCE*** AND ***OUTSTANDING DURABILITY***

- optimized track geometry for reduced component wear and derailing
- precise pitch ensuring perfect sprocket and track engagement plus flawless alignment of steel cables and iron core
- fewer track tension adjustments

ALL ***CAMOPLAST HI-PERFORMANCE TRACKS*** DELIVER:

- optimal performance
- maximum traction
- extended component service life
- superior durability and reliability
- reduced downtime and replacement costs

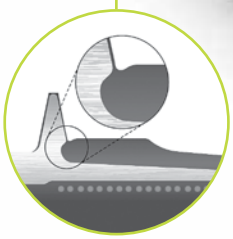
STEEL CABLES

- Made of high-tensile steel wires resistant to cutting and stretching, allowing for even tension throughout the track
  - Unique steel core design improves rubber bonding
  - Special coating improves corrosion resistance
  - Even cable placement



TRACKGUARD

- Prevents infiltration of water, sand and rocks between the rolling path and iron core
- **Increases** rolling path **durability** by 100%

IRON CORE

- Produced from superior steel alloy for a track **15% stronger** than the competition's

RUBBER COMPOUND ADVANCEX

- Long-lasting, low-abrasion rubber tread compounds for greater resistance to cutting and gouging
- Extreme durability
- Maximal chunk and tear resistance

COMPARE AND SAVE

FEATURES & BENEFITS	CAMOPLAST HXD	CAMOPLAST SD
Warranty – Durability	18 months – 1500 hours	13 months – 1100 hours

TREAD PATTERNS

MTL 1

MTL 2

Tread patterns designed for maximum traction, floatation and durability.

RUBBER COMPOUND ADVANCEX

- Long-lasting, low-abrasion rubber tread compounds for greater resistance to cutting and gouging
- Extreme durability
- Maximal chunk and tear resistance

EASY-MOUNTING DESIGN

- Mount in a matter of minutes on most skid steer makes and models
- Several size links included for proper fitment
- Lightweight and portable for more versatility and maneuverability

CAMOPLAST *HXD*

A unique easy-to-mount attachment that increases traction and floatation of your skid steer.

OUTSTANDING **RELIABILITY**

Warranty **12 MONTHS / 500 HOURS**

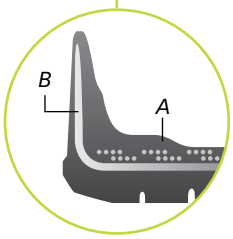
HI-PERFORMANCE TRACKS

over-the-tire tracks



TRACTION RIBS *(A)*

- Deep inside traction profile for optimal traction

IRON CORE *(B)*

- Forged high grade embedded spring steel for maximum strength
- Patented power efficient traction through load sensing friction/engagement with tire
- Low friction inner guide minimizes heat

LIFEMASTER TREAD PATTERN

- Smoothens ride & enhances comfort
- Floatation even over new asphalt and concrete without scarring

CONSTRUCTION *TIRES AND WHEELS*

Experience high-performance products that shape your world! Take the lead on the jobsite with a wide range of ultra-durable tires for multiple applications.

Discover our full lineup of Solideal construction tires and wheels today and get superior durability and reliability working for you.

Leading *the way*

With more than 10 million tracks produced since 1958, Camoplast is the leading brand of high-performance tracks. As a global producer, Camoplast relies on exclusive state-of-the-art manufacturing capabilities and the largest R&D team in the industry to lead the way in the development and manufacturing of high-quality tracks delivering superior value.

GLOBAL PRODUCT SUPPORT

At Camoplast, we offer industry-leading technical expertise and outstanding customer service. No matter where you are in the world, one of our track experts is ready to assist you with:

- Finding the right track for your specific needs
- Answering your technical questions
- Ensuring delivery of replacement parts for your equipment
